DIRECTORS' REPORT

For the three month period ended 30 September, 2014

To our valued Unit Holders,

On behalf of the Board of Directors, I am pleased to present the Financial Statements of IGI Islamic Income Fund (IGIIF) for the three months ended 30 September, 2014. The Financial Statements of the Schemes prepared by the Management Company present true and fair view of the state of affairs of the Schemes and results of their operations, cash flows and movement in unit holders' funds.

Economic Review

Inflationary pressure eased off slightly in 1QFY15, with CPI for the quarter declining to 7.5% versus 8.1% in 1QFY14. SBP kept the discount rate unchanged at 10% in its mid-Sep bi-monthly MPS in line with market expectations. SBP cited increased risk to (1) CPI due to monsoon floods and (2) balance of payments owing to delay in IMF tranche and consequent bilateral and multilateral flows. 6M KIBOR averaged at 10.18% during Sep-14, steady since Apr-14.

Trade deficit posted an adverse trend over the quarter, increasing by 45% to US\$6.5bn. The deficit rose particularly high over August, clocking in higher by 96% on MoM basis and by 77% on YoY basis to US\$2.8bn (a multi-year high). The higher statistic was primarily led by 40% MoM increase in imports, which rose to US\$4.7bn. Oil imports increased by 66% MoM and 12.5% YoY mainly led by higher volume. In this connection, softer global crude oil prices should alleviate the oil import bill in the coming months, providing some cushion to the balance of payments. Lower prices have already started to make an impact, as trade deficit for September clocked in lower at US\$2.4bn owing to 3% drop in import value.

Delays in IMF tranche and privatization proceeds have brought down US\$306mn in Sep-14 at US\$13.3bn. The IMF has clubbed payments of Sept & Dec review together and is expected to disburse US\$1.1bn in Dec easing pressure on rupee and foreign exchange reserves. Furthermore issuance of US\$500mn Sukuk and secondary offering of OGDC are both in the pipeline and will be positive, however, the timing remains uncertain.

Capital Markets Review

EQUITIES REVIEW

The KSE-100 remained range bound in the 1QFY15, with a 0.25% return for the period. The major reason for the relatively lackluster performance during 1QFY15 was primarily driven by political turmoil in the capital which began mid Aug and continued till the end of the quarter. Once politics took the front seat, economic reform agenda was put on the back burner and expectation of derailment of the economic reform process led to lack of confidence within equity investors.

Going forward, we expect the market to consolidate around current index level with valuations and earnings growth in specific sectors warrants focus on a selected group of stocks rather than the broader index.

MONEY MARKET REVIEW

In the monetary policy conducted in September, the State Bank of Pakistan maintained the discount rate at 10% to strike a balance between fiscal factors and growth considerations. Although the policy decision did not have any bearing on the money market, secondary market yields climbed, nevertheless, and stayed high during a large part of September as liquidity remained constrained and OMO injections were less generous.

With monetary easing opportunities left behind, the State Bank is now widely expected to maintain a stable monetary policy till inflation picks up at the start of the next calendar year.

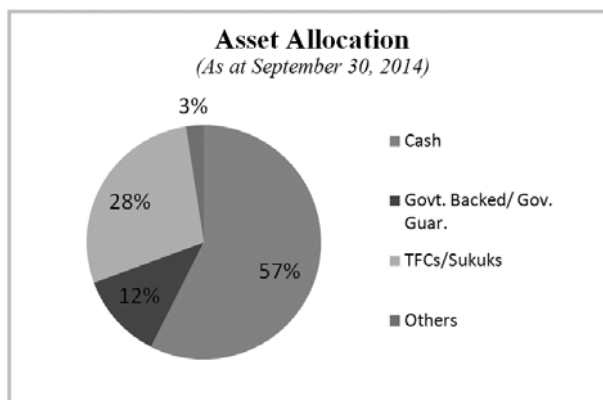

Fund Operations and Performance

IGI Islamic Income Fund

IGI Islamic Income Fund generated a return of 5.31% p.a. while the benchmark generated an average return of 6.70% p.a. for 1QFY15.

The allocation was aimed at supporting the overall yield. The Fund underwent a major portfolio reshuffling owing to volatility it witnessed on GoP Ijara Sukuk holdings. The government SUKUKS were offloaded and now the allocation is skewed towards good quality corporate SUKUKS.

Returns for the fund improved markedly after the allocation change registering a return of 6.96% in Aug and 9.42% in Sep. This has helped push up the YTD from 2% to 5.3%.

Going forward, the Fund plans to maintain stable returns and invest in good quality Sukuks aiming to increase the overall yield of the portfolio.

The Fund holds a stability rating of 'A+ (f)' (Single A Plus - fund rating) by Pakistan Credit Rating Agency (PACRA). The rating indicates a strong capacity to manage consistent returns with low risk.

Future Outlook

Going forward, we believe the market shall continue to perform well on the back of strong overall corporate results. We believe investors will benefit more from bottom-up investment philosophy as good opportunities are available in selected scrips that carry high return potential. Hence the equity linked funds should remain with heavy market exposure.

Interest rate stability will make medium to long term bond more attractive than short term instruments hence the focus will be to maximize duration on all fixed income portfolios.

Acknowledgement

The Directors express their gratitude to the Securities and Exchange Commission of Pakistan for its valuable support, assistance, and guidance. The Board also thanks the employees of the Management Company and the Trustee for their dedication and hard work and the unit holders for their confidence in the Management.

7. CONTINGENCY - CONTRIBUTION TO WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all mutual funds / Collective Investment Schemes (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In August 2011, the Lahore High Court (LHC) issued a judgment in response to a petition in a similar case whereby the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through Finance Acts 2006 and 2008 have been declared unconstitutional and therefore struck down. However, during March 2013, the larger bench of the Honourable High Court of Sindh issued a judgment in response to various petitions in similar cases whereby the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through Finance Acts 2006 and 2008 respectively (Money Bills) have been declared constitutional and overruled the judgement passed by a single-member Lahore High Court bench issued in August 2011.

Further, in May 2014, the Honourable Peshawar High Court (PHC) held that the impugned levy of contribution introduced in the WWF Ordinance through Finance Acts, 1996 and 2009 lacks the essential mandate to be introduced and passed through a Money Bill under the constitution and, hence, the amendments made through the Finance Acts are declared as 'Ultra Vires'.

However as a matter of abundant caution, with effect from July 01, 2013, the fund has commenced making provision in respect of contribution to WWF prospectively. Accordingly, a provision for WWF amounting to RS. 0.028 million has been made in these financial statements.
