DIRECTORS' REPORT FOR THE QUARTER ENDED 30 SEPTEMBER, 2016

On behalf of the Board of Directors, I am pleased to present the Financial Statements of Alfalah GHP Money Market Fund (AGMMF) for the first quarter ended September 30, 2016.

Economy Overview

GDP, Inflation and Interest rates:

Pakistan's economic performance continued to remain stable during the quarter, helped by a low inflationary environment and overall improvement in economic activity. Inflation averaged 3.94% for the quarter, within the revised SBP target of 3 to 4 percent, while interest rates and the exchange rates remained stable.

Recent shortfall in tax collection suggests government may need to impose new measures during the year to meet fiscal deficit target of 3.80% of GDP. In addition, the government has committed to reduce current expenditure and non-critical development expenditure further, to compensate for shortfalls as projected. The SBP has maintained its policy rate at 5.75% given overall stability in inflation.

Trade balance and Foreign Exchange:

Trade and current account headwinds appear to have increased due to persistently weakening exports. The trade deficit for Jul-Aug FY17 increased by 27.28% YoY, despite the relief provided by low oil prices. Similarly, worker remittances witnessed a decline of 3.19% YoY while FDI and FPI numbers were also reduced.

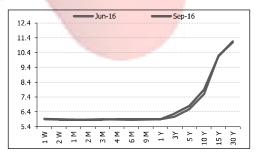

At present, the balance of payment has not impacted the exchange rates as foreign exchange reserves strengthened to historic levels of US\$23 billion as on Sep 02, 2016, resulting in a stable rupee, which posted an appreciation of 0.30% against USD for the 1st quarter FY17.

Evolution from IMF:

The IMF approved and transferred the last tranche of USD 102 million under the Extended Fund Facility (EFF). This will represent a significant milestone in terms of economic stability. Pakistan has indicated that it will now enter a monitoring phase.

Money Market Review

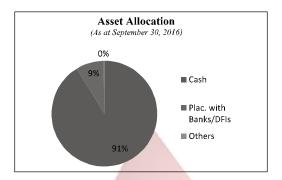

The SBP maintained its discount rate at 6.25% and policy rate at 5.75% during the quarter. During the first quarter, yield curve shifted slightly upwards due to interbank market's expectations of interest rates bottoming out. Overall CPI trend is expected to hover around 4.00% for the 1st half. Any upward shift in international oil prices coupled with currency devaluation could exert upward pressure on the interest rates in the 2nd half of FY17.

Fund Operations and Performance

During 1QFY17, Alfalah GHP Money Market Fund (AGMF) generated a return of 5.74% while the benchmark of the fund generated 4.48% during the same period.

6. CONTINGENCY - CONTRIBUTION TO WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In August 2011, the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts 2006 and 2008 have been declared unconstitutional and therefore struck down. In March 2013, the SHC larger bench issued a judgment in response to various petitions in similar cases whereby the amendments introduced in the WWF Ordinance through Finance Acts 2006 and 2008 respectively (Money Bills) have been declared constitutional and overruled a single-member Lahore High Court (LHC) bench judgment issued in August 2011.

Further, in May 2014, the Honourable Peshawar High Court (PHC) held that the impugned levy of contribution introduced in the WWF Ordinance through Finance Acts, 1996 and 2009 lacks the essential mandate to be introduced and passed through a Money Bill under the constitution and, hence, the amendments made through the Finance Acts are declared as 'Ultra Vires'.

As per the legal counsel handling the case, the constitutional petition filed by the CIS to challenge the WWF contribution has not been affected by SHC judgment.

The Finance Act, 2015 has excluded Mutual Funds and Collective Investment Schemes from the definition of 'industrial establishment' subject to WWF under WWF Ordinance, 1971. Accordingly, no provision for WWF is made from July 01, 2015 onwards. However, provision made from July 01, 2013 to June 30, 2015 has not been reversed as the above lawsuit is pending in the SHC.

As a matter of abundant caution, with effect from July 01, 2013, the Fund has started making provision in respect of contribution to WWF prospectively. Accordingly, the Management Company has made provision for WWF amounting to Rs.5.613 million up till September 30, 2016 (2016: Rs.5.613 million) in these financial statements. Had the provision not been made, the net asset value per unit of the Fund would have been higher by Re.0.39 (0.39%) per unit (2016: Re.0.14 (0.14%) per unit).

7. Total Expense Ratio

Total Expense Ratio for September 30, 2016 is 0.30% which includes 0.049% of government levy, worker's welfare fund and SECP fee.
